This table shows the number of applications that were approved or denied for benefits on any given week, by program. This includes determinations made on applications submitted via the customer portal. The date shown is the week of eligibility determination. The data does not include recertifications. Note that for 1/5/2017, State offices were closed Monday so this data only includes determinations made Tuesday through Thursday. Numbers may have shifted week over week due to a data correction in the "date complete" field to improve accuracy of the query.

Work in Progress and Awaiting Documentation from Customer - 1/5/17

This table shows how many applications are works in progress by the week the application was inputted in to RI Bridges. Awaiting documentation from customer means that while the customer submitted an application, by regulation and policy DHS requires more information from that customer to verify eligibility and make a determination. In progress means that DHS believes it has enough information to make an eligibility determination, but may still need to evaluate additional information provided by the client. For SNAP, this data does not include whether an interview has taken place, a step that is also required for a final eligibility determination.
