	Current Week		Previous Week
	0	P1 Incidents	0
	2	P2 incidents	1
	1001	P3 incidents	1152
	55	P4 incidents	54

## P1 and P2 Issue Summary

#	Priority	Issue	Root cause	Resolution
1	P2	Address discrepancies between MMIS and Bridges (RIB-13482)	There are a number of cases that have a discrepancy between the address housed in Bridges and the address on record in MMIS. These discrepancies are due to address updates made to legacy data in Bridges post-conversion that have not yet been updated in MMIS. The root cause has been resolved, and manual address reconciliation is being performed.	Currently in <b>Clarification</b> to confirm all affected cases have been resolved
2	P2	RIW 2-1-17 Approved/ Authorized not on EBT Card (RIB-13824)	54 active and ongoing RIW cases were not issued RIW payments for 2/1/2017 during the regular February issuance. However, these clients have been paid through a manual issuance process. The issue remains open so that it can continue to be monitored, but all known impacted cases have been paid.  The issue arose because Deloitte and the State had agreed to give customers until the end of the January to turn in their interim packets for February renewals. However, the Interim Renewal Date was not updated, so these clients were not included in the monthly issuance process and required the manual issuance.	Currently being monitored under <b>Analysis in Progress</b>
