P1 and P2 Issue Summary

#	Priority	Issue	Root cause	Resolution
1	P2	For certain customers, RIBridges is not including Standard Utility Allowance (SUA) in the SNAP benefit calculation (RIB-14886)	For cases where the household received LIHEAP benefits during the past 12 months, or indicated they are responsible for heating and cooling costs, the SNAP benefit calculation may be impacted upon running eligibility. The additional benefit issued on their EBT cards for the SUA (typically \$0-\$30) is not currently issued, although they are receiving their standard SNAP benefit without the SUA calculated.	<p>Resolved as of 2/26/2017</p> <p>A software fix was made in the 2/26 weekly release to correct the issue going forward.</p> <p>A data fix was created and validated with DHS to fix customers retroactively who are missing their SUA adjustment and to automatically add adjusted benefits to customer's EBT cards.</p>
