**New Hire Orientation**

This period we held one New Hire Orientation and an introduction to RIBridges - Basic Navigation.

**Current Staff Overview**

Over the last month, staff members were offered training in several areas. New and current staff were offered training on Supplemental Nutritional Assistance Program (SNAP) and updates to the functionality to RIBridges. The newly developed Collections, Claims, and Recovery Unit (CCRU) training was piloted for feedback before rolling out next month, and the quarterly meetings covered several important topics, including Mandatory Reporting, Safe Sleep and SNAP Education.

**Workshop Descriptions**

**New Hire Orientation**: The New Employee Orientation (NEO) Program is the first step in welcoming new hires to RIDHS. Its main objective is to familiarize new employees with the organization, its organizational structure, and its policies and procedures.
**Basic Navigation:** This is a one-day course which presents basic navigation skills to new DHS employees with the goal of helping workers through their early familiarization process with the RI Bridges system.

**Supplemental Nutritional Assistance Program (SNAP):** The SNAP Workshop is designed to introduce Eligibility Technicians to SNAP program policies and their interaction with RI Bridges. The workshop approach combines instructor led trainings, demonstrations, and hands-on exercises to provide a complete and integrated learning experience.

**Quarterly Meetings:** DHS holds quarterly meetings with staff members to:
- Inform staff about upcoming changes
- Provide program updates
- Celebrate accomplishments
- Show appreciation for our staff members

**CCRU Training:** General and complex operational and policy procedures as it pertains to CCRU eligibility staff and their daily operations. Description of how the unit functions independently and how it connects to the field offices and to DOA’s Fraud Unit.

**STAR Supervisor Training:** This training was designed by supervisor for supervisors. The goals of the trainings are as follows:
- Instill the DHS Guiding Principles in everyday work
- Support supervisors by enhancing leadership, coaching, and mentoring skills
- Build professional capacity through the DHS workforce
- Create tools that encourage and support a culture of continuous improvement
- Understand what constitutes good supervision
- Incorporate the DHS guiding principles in everyday work and decision making
- Resetting from past experiences and looking to the future of DHS
- Identifying behavioral styles

**Knowledge Transfer Training:** DHS field staff members will be provided training on changes within RI Bridges that will be deployed on December 14, 2019.
The State continues to prioritize access to benefits. As of December 11, 2019, the number of pending new applications across all programs is 4,702. Overdue pending applications awaiting State action total is 1,909.

LTSS INTERIM PAYMENTS

We continue to make progress in reducing the LTSS backlog of applications. As of this submission, there are 882 overdue LTSS applications pending state action.

Our payment reconciliation process remains ongoing as we continue to meet with long term care facilities across the state. In total, we have collected about $67,882,136.41 billion in reconciliation payments so far from nursing home facilities.

UPDATE ON RECERTIFICATIONS PROCESS

The State has verified that Medicaid renewals were appropriately initiated by the RI Bridges System in compliance with the CMS approved renewal plan.

CORRESPONDENCE WITH FEDERAL PARTNERS

The Centers for Medicare & Medicaid Services (CMS) and the USDA Food and Nutrition Service (FNS) are important partners to the State. We continue to meet regularly to review progress on RI Bridges. There wasn’t any federal correspondence during this reporting period.
